

Oxford Lab Products OPTimate PCR Consumables

8-Strip PCR/qPCR Tubes

OPTimate PCR Tubes offer the security, performance, and convenience that makes the difference when you're working on your PCR or qPCR experiments. We offer a wide variety of configurations and options to fit your needs and to improve your work. Furthermore, we know convenience matters, so we offer smaller packs to cut down on unnecessary exposure and potential contamination.

OPTimate PCR and qPCR 8-Strip Tubes Features & Benefits

- Ultra-thin Walls for Optimal Heat Transfer
- Free of DNase, RNase, Human DNA, PCR Inhibitors, and Endotoxins
- Non-Reactive Internal Surface
- Uniform Wall Thickness

Attached Cap

OPT-AC2

- 0.2mL
- Attached Optically Clear Flat Cap

Separate Caps

OPT-RT1

- 0.1mL
- Separate Optically Clear Flat Cap

Tubes or Caps Only

OPT-RT1-T

- 0.1mL
- No Caps Included

OPT-RTW1

- 0.1mL
- White Tube
- Separate Optically Clear Flat Cap

OPT-RTW1-T

- 0.1mL
- White Tube
- No caps included

OPT-OC

- 8-Strip PCR/qPCR Optical Caps
- Only (Not a Tube)
